## SUMMARY

MERN-Stack Developer with a specialty in utilizing front-end design to communicate clients' missions. A decade of managing, directing, and booking a full-staff music venue & touring the world as a composer, known for adapting with constantly changing environments and meeting every task with optimism and excitement.

## TECHNICAL SKILLS

**Languages:** HTML, JavaScript, PHP, CSS, GSAP, Scrolltrigger, Tone.JS,

**Applications:** Adobe Illustrator, Adobe Premiere, Adobe AfterEffects, Figma, Slack, Canva

## EXPERIENCE

**She Shreds Media;** Portland, OR

2020 – Present

### **Full Stack Web Developer**

Work closely with the CEO and Designer to create weekly online experiences for musicians, with a focus on women artists.

- Created the webpage which connected over 1,000 musicians globally in the span of a month.
- Helped launch the first She Shreds livestream open mic event.

**Quack's Bakery, LLC;** Austin, TX

2016 – Present

### **Web Developer** (2019 – Present)

Full Stack web developer working closely with the CEO and Designer to create a website for a regional bakery.

- Designed and coded the website including forms for Wholesale and Event Booking.

### **Event Coordinator & Social Media Management** (2016 – Present)

Manage 3 storefront's live event booking, negotiate artist payments, facilitate show promotion, create content, and manage social media accounts.

## PROJECTS

### **1RAD.WORLD** | <https://sheshreds.com/1rad-2021-home/>

- A website for connecting musicians globally featuring a live stream of #1rad hashtagged Instagram posts, music tutorials, a weekly zoom open mic, and a forum.
- Role: Created a four page website in collaboration with the Designer.
- Tools: Wordpress, PHP, CSS, Zoom

### **Texas Parks Rebrand** | [https://github.com/naywilkins512/Parks\\_n\\_Reg](https://github.com/naywilkins512/Parks_n_Reg) |

<https://salty-hamlet-73070.herokuapp.com/>

- This app was a re-imagination of the camping reservation/park information application currently used by the Texas State Parks reservation system.
- Role: Created the landing page, GSAP Scrolltrigger Animation, and Image Mapping.
- Tools: Javascript, Scrolltrigger, GSAP, CSS

### **InBloom** | <https://github.com/naywilkins512/inBloom> | <https://in-bloom.herokuapp.com/>

- A web application utilizing the MERN stack, created to allow the user a platform to easily track their care instructions for their plants.
- Role: Created the homepage and GSAP animation.
- Tools: Javascript, CSS, GSAP, Adobe Illustrator

## EDUCATION

**Full Stack Web Development Certificate:** University Of Texas, Austin, TX | 2020
